RECEIVED

AMENDMENT

In response to the Office Action of September 7, 2000, Applicant hereby replies
as follows:

IN THE CLAIMS:

Please amend claims 6 and 7 to read as follows:

-- ~~6~~. (Once Amended) A surgical implant according to claim [1] ~~5~~ wherein
said recess comprises a flat surface the plane of which is perpendicular to the axis of
said throughbore. --

-- ~~7~~. (Once Amended) [A] In combination, a secondary implant and a
primary implant, said secondary surgical implant for use with [a] said primary surgical
implant in a bone tunnel having an axis, a first predetermined diameter along the
length of said tunnel, a proximal end and a distal end, said primary surgical implant
engaging a ligament graft within said bone tunnel, said ligament graft being in
alignment with said axis and occupying a predetermined amount of space within said
tunnel such that the transverse cross-sectional area of the graft-occupied portion of
said tunnel comprises a first predetermined size at a first point adjacent said primary
